

ABOUT THIS GREEN EDITION

River Birch Publishing, LLC, cares about the health of this planet and all of its people, creatures, plants and minerals. This Expanded Green Edition of *Becoming What You Want to See in the World* was printed on 100% recycled paper (that means no trees were cut down to create the paper for this book). The paper was processed chlorine-free (because when chlorine is used to bleach paper, the process creates toxic by-products called dioxins and furans that can make people and animals sick).

As a result of these choices, we have *saved* the following resources* in the production of this green edition:

22 trees (3 tons of wood)
7 million BTU's of energy
9,811 gallons of water
2,037 lbs. less greenhouse gases
596 lbs. less solid waste

*Environmental impact data were calculated by using the Environmental Defense Fund Paper Calculator. For more information visit:
<http://papercalculator.org>

River Birch Publishing, LLC, is a member of the Green Press Initiative.
